

### **History and Geography:**

Through this unit the children will locate Egypt and be able to describe its climate and physical geography, comparing it to our own.

They will learn the achievements of the Ancient Egyptians, carrying out an in depth study of this. They will use a range of sources of information and pose questions on life and change during this period of history.

### **Computing:**

In Computing this term, the children will learn how to create media with photo editing as well as programming repetition in games using Scratch.

### **Physical Education:**

In PE this term, the class will play Tennis and Cricket. They will also develop their skills in Athletics.

### **Science:**

In Science, the children will learn about Environmental change and how this impacts animals and their habitats.

They will also learn about sound, how it travels and explore different sounds through investigation.

### **Art and Design Technology:**

In DT this term, the children will build a 'shuduf', utilising their understanding of the Egyptians and forces.

In Art, the children will develop their drawing skills by using a range of pencils and techniques to show effect, movement, perspective and reflection. Their significant artist is Hazam Taha Hussein.

### **Music:**

This term, children will develop their composition and improvisation skills, using graphic and letter notation and explore cumulative structure. Children will listen to different genres of music.

### **Religious Education:**

In RE this term we will explore right and wrong, 'sin', whether rules are important and learn about the 10 Commandments, prayer in different religions, and the role of art and music in religions. We will also learn about the Seal of Prophets, Shahadah, Hadith, the Qu'ran, charity and prayer in Islam and 'God' in different religions.

### **Modern Foreign Languages: French**

This term the children will learn vocabulary relating to their bodies and different sports. They will learn how to ask and answer questions, as well as describe themselves.

### **Experiential Learning:**

Year 4 will participate in a trip to BMaG to experience life as an Ancient Egyptian.

### **PSHRE (using 'On Decision'):**

Our PSHRE learning will focus on being responsible, coming home on time, online safety and online bullying, relationships, growing and changing and appropriate touch.

Year 4, Summer Term

Walk Like an Egyptian
