

5th December 2025

Dear Parent/Carer,

At Dingle Community Primary School, we are committed to continually improving communication with our school community. As many families now regularly use social media, we are pleased to inform you that we have created an official school Facebook page as an additional platform to share important information and celebrate school life.

Through our Facebook page, we will share photographs, videos, reminders, and key messages, helping to keep you informed of important events, office updates, weather warnings, and, most importantly, the wonderful achievements of our children.

This can be accessed by following:

www.facebook.com/Dingle-Community-Primary-School-168612123287055/

If you do not have a Facebook account, you will still be able to view the information shared through our school website. If you are a Facebook user, liking the school page will allow our posts to appear in your news feed.

Please note that the Facebook page will be for information purposes only. We kindly request that it is not used to ask questions or host discussions. Any queries should continue to be directed through the usual school communication channels.

In addition to Facebook, we will continue to operate our school website as previously. While our website remains up to date and informative, Facebook provides a useful way for our news to reach you directly in your daily online activity.

Online Safety

The use of images is carefully considered at all times. If you have previously requested that your child's image is not used on school platforms, this will continue to be fully respected. In line with our online safety policy, children's names will never accompany images. All photographs and videos will be carefully checked prior to uploading to ensure we only share media of children whose parents/carers have given consent.

We also remind parents that the minimum age requirement to create a Facebook account is 13 years, in accordance with the platform's terms and conditions. We do not promote or condone the creation of social media accounts for our pupils.

We hope you are as excited as we are about this positive step forward in strengthening our communication

with families and celebrating the fantastic learning and experiences taking place across the school.

Yours sincerely,

A handwritten signature in black ink, reading "N. Heather". The signature is written in a cursive style with a long horizontal flourish extending from the end of the name.

Ms Heather
Head Teacher
